To say goodbye to the dummy

THE DUMMY WEANING TOOLKIT

A gentle ritual to support your child

This toolkit has been designed to help your child let go of their dummy in a calm, gradual and positive way. Rather than rushing the process, it introduces a simple daily ritual that helps children understand what's happening, feel involved, and build confidence step by step.

How to use this toolkit

Print the pages you need, choose a calm moment, and follow the rhythm that suits your child best.

The 3 tools included

1

The Progress Calendar

Helps your child see each step clearly and understand their progress, week after week.

2

The Activity Book

Playful activities to support your child emotionally and help them move forward at their own pace.

3

The Certificate

A way to celebrate your child's achievement and mark the end of the journey.

hello! 🙌

my little finger tells me that you've received a
super magic dummy to help you say goodbye to
your dummy... 😊

you'll see, it's really amazing! 🌈

you'll be able to add little shields when you feel
ready, together with your mummy or daddy. 😍

you'll see, you're going to grow even bigger! ✨
have fun!

Colour in your new dummy!

I invented the **Clipp dummy** to help **my daughter Elia and my son Yann** give up their dummy **more easily**. They managed to stop **without any difficulty**.

I'm sure you'll manage too 😊✨

Match the dummy to its shields!

Little by little, **when you feel ready, you can add shields** to your amazing magic dummy!

Will you send me a photo of **your beautifully coloured dummy?** 🥰🌈

Search and find!

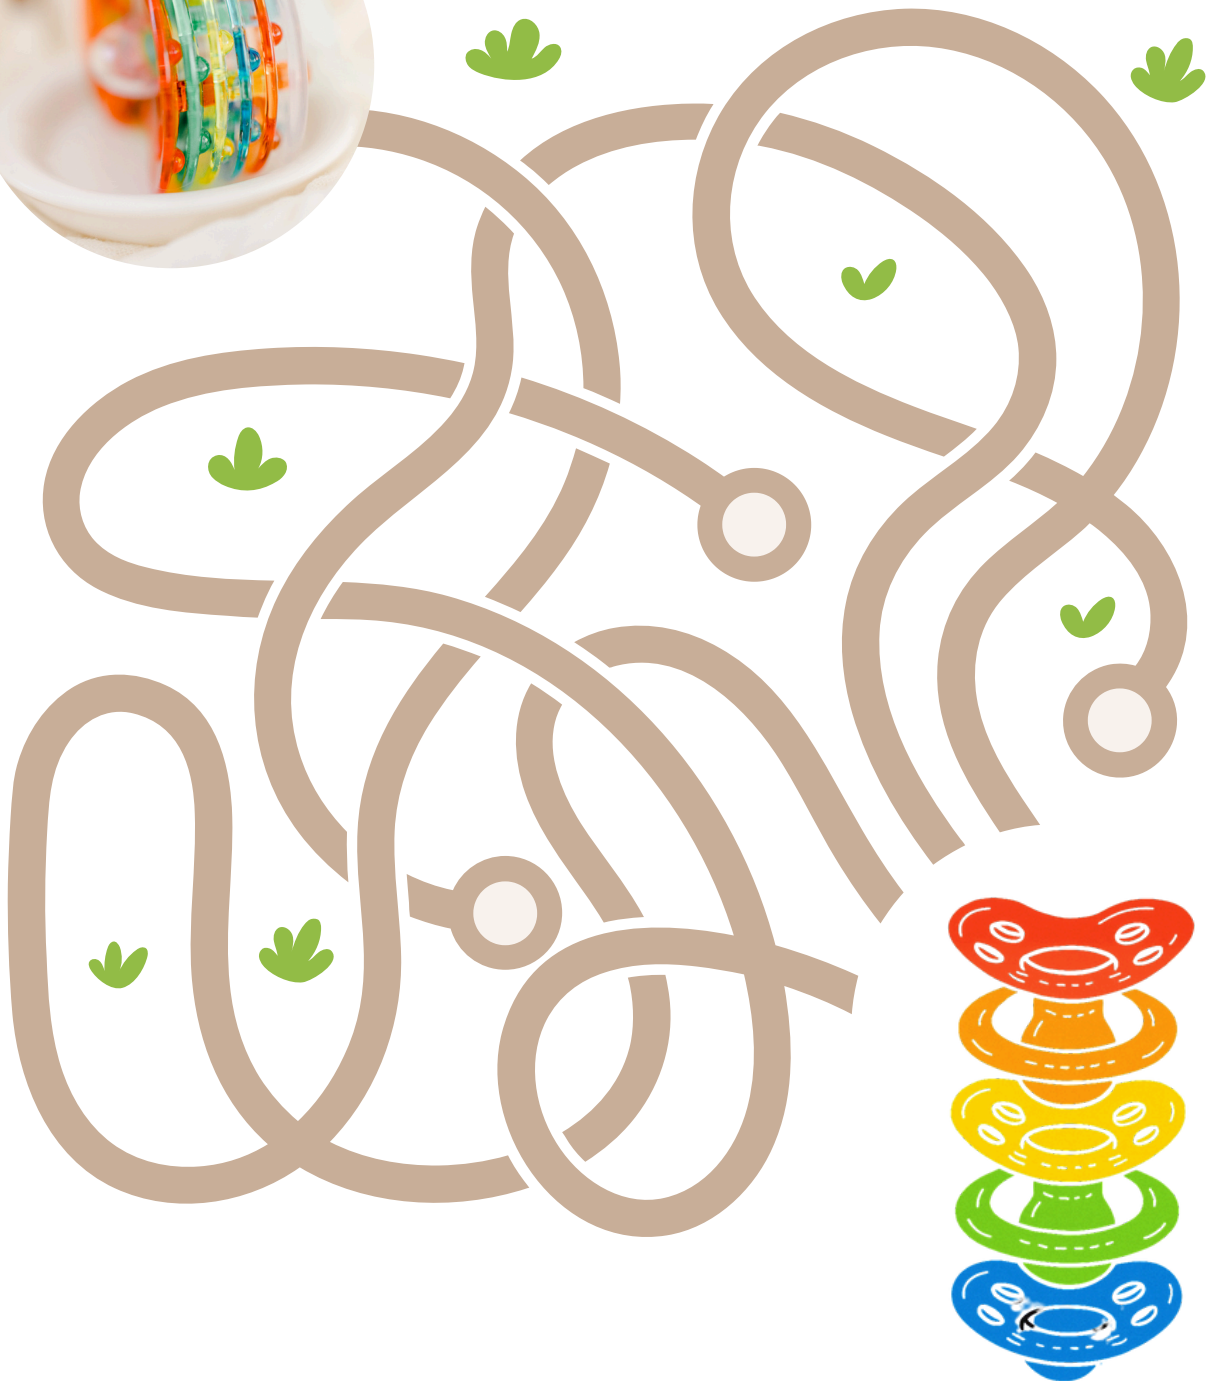

A dummy and its five shields are **hidden** among these little pictures,
but I can't find them. Can you help me? 😊

Get out of the maze!

Oh no, the Clipp dummy **has lost its shields!** 😓

Can you help it find them? ❤️

Draw your biggest smile!

By giving up your dummy, **your teeth** can move back into place. **Your tongue** can rest against the roof of your mouth, and you'll have **the biggest, brightest smile of all** 😊🦷

Let's count together!

Can you tell me **how many dummies and shields** there are in each row?

Spot the differences!

There are **five differences** between these two pictures. Can you circle them with me? 😊

THE CERTIFICATE

to say goodbye to the dummy

Certificate

My little finger tells me that you managed to put
all five shields on your amazing **magic dummy!**

You can be **so proud of yourself,**
what a big step you've taken! 🥰

Here is a **special certificate** to cut out and hang up,
to remember **how brave you've been.** 🏆

The whole Clipp team is so proud of you and
sends you **a big round of applause!** 🙌
